

Your offshore team. Hand picked. Built to last.

Thrivemodal recruits experienced professionals in the Philippines and places them as dedicated members of your team. This is not a call center, a freelancer marketplace, or a recruiting fee.

1. Discovery

A short working session to define the role the way you would describe your best-ever hire: the tools they use, the hours you need covered, the outcomes that matter, and the personality that fits your team. That becomes the recruiting brief.

2. Search

An industry-specific recruiter in Manila runs four concurrent search channels against the brief, pre-screens for skills, English, tenure and reliability, and sends you written summaries with interview clips so you can shortlist in minutes rather than hours.

3. You interview. You decide.

You receive a minimum of three vetted candidates and interview them the way you would interview anyone. Nothing is placed until you say yes. Professionals are ready to start in as little as ten days, on your time zone.

4. ThriveCore onboarding

- Equipment, secure workstation, VPN and IT support provisioned before day one
- NDA, compliance and confidentiality paperwork handled
- A First 90-Day Success Plan built with you: milestones, tools access, check-in cadence
- Your professional works exclusively for you, integrated into your systems and meetings

5. Managed success

- A named ThriveCore manager as your single point of contact
- Monthly check-ins and monthly performance reports
- Quarterly reviews on performance, scope and growth
- Zero Risk replacement if a placement is not the right fit

The Zero Risk model, in plain terms

Term	What it means for you
No upfront fees	No retainer, no recruiting fee, no onboarding fee.
Month-to-month	No long-term contract. Scale up, scale down, or stop.
One all-inclusive rate	A single monthly rate per professional covering salary, benefits, equipment, IT and management. Invoiced bi-weekly.
Free replacement	If a professional is not the right fit, Thrivemodal recruits a replacement at no additional cost.
No employer obligations	Thrivemodal is the employer of record and handles HR, payroll, compliance and administration. No Philippine entity or termination exposure for you.
Any US time zone	Each professional works your business hours or an after-hours shift. Coverage beyond one shift means more than one seat.
Exclusive and secure	Each professional works for one client only, under NDA, on a secure workstation over VPN.

What you keep

- **Control of the work.** You set priorities, run the meetings, and manage the person like any teammate. Thrivemodal manages employment, HR and performance support around them.
- **Your tools.** Professionals work inside your TMS, ERP, accounting stack, PM software or EHR, with the access you grant.
- **Your culture.** Clients who treat their offshore hire as a member of the leadership team, with structured check-ins on Teams or Zoom, report the strongest results.

“The team Thrivemodal placed with us has been a strong fit. We’ve seen good attendance, strong performance, and people who take ownership of their work. That consistency allows our leadership team to focus on strategy, customers, and relationships instead of constantly having to fill staffing gaps.”
